Dangerous Tonight

Alice Cooper

Take another bite
It'll be alright
What's wrong will soon feel right
Dangerous tonightTake another sip
Let it kiss your lips
And let a little drip on your thighsIf you let me I'll untie
Your sensuality
I'll open up your heart
And satisfy my greedI'm dangerous, I'm a dyin' breed
Poisonous like a centipede
I'm capable of the foulest deed
(Aah)
Dangerous at night
I'm dangerous like a razorback
Deadly like a heart attack
Well, I don't bend and I don't crack
(Aah)
Dangerous tonightTake another turn
The rules have all been burned
And you've got tricks to learn
Dangerous tonightPlay another role
Try and lose control
And stain your soul to red from whiteIn my mind, oh
A million voices tell me no
It's prime crime time
And I gotta let it goI'm dangerous like a broken glass
I'm a flesh fanatic psychopath
I can cause you pain and make it last
(Aah)
Dangerous tonight
I'm dangerous when the sun goes down
So cross yourself, don't fool around
I'll drag your heart into the ground
(Aah)
Dangerous tonightIf you let me I'll untie
Your sensuality
I'll open up your heart
(Ooh ooh)
And satisfy my greed

(oh oh oh oh)I'm dangerous, I'm a dyin' breed
Poisonous like a centipede
I'm capable of the foulest deed
(Aah)
Dangerous at night
I'm dangerous like a razorback
Deadly like a heart attack
Well, I don't bend and I don't crack
(Aah)
Dangerous tonightI'm dangerous like a broken glass
I'm a blood bubonic psychopath
I can cause you pain and make it last
(Aah)
Dangerous tonight
