Jocie Adams

When I am lost you shine a light for me and set me free
When I am low you wash away my tears and take me through
The loneliness and emptiness through the darkest night
Somehow I survive through it allWhen you tell me I'm the only one you need
Sweet and tenderly and your love
Breaks away the clouds surrounding me
All I have I want to give to thee, oh babyIf I should fall your love is strong enough to lift me up
If I'm afraid, oh baby you chase away my fears and take me to
A brighter place beyond the rain and I feel alright
Because you're by my side through it allAnd you tell me I'm the only one you need
Sweet and tenderly and your love
Breaks away the clouds surrounding me
All I have I want to give to theeYou take me through the loneliness and emptiness
And I feel alright 'cause you're by my side through it allYou tell me I'm the only one you need
Sweet and tenderly and your love
Just breaks away the clouds surrounding me
And baby all I have I want to give to theeWant to give you all of my love
Now and forever my love
All I have I want to give to thee
