

Rock The Shocker

Peaches

Shock shock

Rock, rock, rock, shock [Repeat: x4]

Lenny showed me something

It could make you cry

Don't you worry baby

Just give it a try

Gonna let you in a little secret

You gotta learn this little trick

Get your hands and your fingers ready

Stop relying on your dick

You gotta rock rock rock the shocker (shocker, shocker) [Repeat: x3]

You gotta rock rock rock gotta rock rock rock rock the shocker (shocker, shocker)

Thumbs up fingers out, pull back, pull back [Repeat: x3]

Thumbs up fingers out

Wanna wind her up like a hurdy gurdy?

You can put your finger on it

Don't be afraid to get your hands dirty

Gonna make you feel supersonic

Boys oh boys, I'll give you something to really flaunt

Toys, no toys I'll show you what, what a girl wants

Get into the groove, don't forget to move

(close your eyes, watch out, come on give it a try)

You gotta rock rock rock the shocker (shocker, shocker) [Repeat: x3]

You gotta rock rock rock gotta rock rock rock rock the shocker (shocker, shocker)

You gotta rock rock rock the shocker (don't be shy)

You gotta rock rock rock the shocker (come on now, we'll all do it together)

You gotta rock rock rock the shocker (come on, get your hands ready)

You gotta rock rock rock the shocker

[Repeat: x4]

Thumbs up fingers out, pull back, pull back (gotta rock the shocker, rock the shocker)

[Repeat: x4]

Rock, rock, rock, shock

[Repeat: x4]

Thumbs up fingers out, pull back, pull back
