

# Dress On

## Justin Timberlake

Theres something bout your body  
Im not in a rush, but girl Im ready to marry you  
Yeah right here in this restaurant  
And start on our honeymoon  
Why you still got your dress on  
Why you still got your dress on, yeah Now I aint tryina offend nobody  
But girl dont they see you, it's cool if they dont  
Cause hey I only see me and you  
Thats why Im all over you  
Why you still got your dress on  
Why you still got your dress on, yeah, yeah, yeah I cant wait, cause girl as soon as I look in your face  
I see your world where a heart never breaks  
And to me that means that the whole world could change  
But not mine  
I cant wait, the way I know your body  
I dont really need much, girl I know where to touch  
Just stay where you are, drop all your worries  
And we can leave all the rest on  
We can do it,  
Why you still got your dress on, yeah Now I aint tryina offend nobody  
But girl dont they see you, it's cool if they dont  
Cause hey I only see me and you  
Thats why Im all over you  
Why you still got your dress on  
Why you still got your dress on, yeah, yeah, yeah I cant wait, cause girl as soon as I look in your face  
I see your world where a heart never breaks  
And to me that means that the whole world could change  
But not mine  
I cant wait Let me take you, so walk with me  
Feel beautiful sand as we take pictures  
Hips so wide, look like it's got whiskers  
Let me put a solid gold on a solid figure  
Go ahead, show your pretty ditches  
Your pretty physique, your pretty toes  
Im pretty with you  
I do a good job for that pretty picture  
Youre the prettiest, but Im the only thing thats missing I cant wait, cause girl as soon as I look in your face  
I see your world where a heart never breaks  
And to me that means that the whole world could change

But not mine, yeahWhy you still got your dress on  
Still got your, still got, still got, still got  
Why you still got your dress onI cant wait, cause girl as soon as I look in your face  
I see your world where a heart never breaks  
And to me that means that the whole world could change  
But not mine.
