Savor da Flavor

Infectious Grooves

-Muir-Trujillo- (3:52)
Raspberry, boysenberry, strawberry and lemon lime
She's got that flavor I love to savor
I'll lick your flavor baby, anytime
'Cause she's got raspberry, boysenberry, strawberry and lemon lime
I heard about the man that was eating his shoe
And the three-headed lady said how do you do
You brake to take, but it ain't no mistake
It just don't make no kinda sense to you
Just sitting there, won't you get control of yourself
It was the 3rd of May and now it's June the 12th
So stop you lop, I get the pick of the crop
Savor da flavor
Raspberry, boysenberry, strawberry and lemon lime
Her waves in motion, start a commotion
I'll take her potion any day or time
Like an illusion, spreading confusion
She know's she's using it and that's just fine
I could have been a rumor, but I like what I hear
So I took it one step further
Threw it out of the rear
Do you wait or hate or retaliate
And I take a little dance with the fear
Not a pretty lady trying to take it on me
But she's got a little sister, that's the place I'll be
In a line, she's fine and she's gonna be mine
Savor da flavor
Raspberry, boysenberry, strawberry and lemon lime
Savor da flavor
Raspberry, boysenberry, strawberry and lemon lime
