Prophet in Disguise

YOHIO

I'm sick and tired of your lies,
a Prophet in Disguise
I'll never be like you
deep inside this maze you're falling.I'll make you miss
so you can feel that you could never be me
I never said I was a saint
but I'll make you see
that when I am standing tall
you will be crawling in shadows cast by meThis is it, This is it,
Your pretty words don't work no more
This is it, This is it,
Just shut your mouth because...You have to find yourself again...Don't try to tell me who I am,
cause I don't care
and you will never understand
Oh, ohIt doesn't matter anymore
behind your smile
there's not a thing left to adoreWe're not the same...
we never were, we'll never be!Seeking truth in things untrue
is all you care to do
And when you're feeling down
no one will be there to heal youDon't think I'm stupid
I'm aware of every step that you take
You try to crush me
but you'll never get me to break
You can hide it and deny it
but your actions are speaking for themselvesThis is it, This is it
You've burned your bridges long ago
This is it, This is it,
Just shut your mouth because...You don't have anywhere to go...Don't try to tell me who I am,
cause I don't care
and you will never understand
Oh, ohIt doesn't matter anymore
behind your smile
there's not a thing left to adoreWe are not the same...
we never were, we'll never be!You're all alone!
You're all alone!
You're all alone!
You're all alone!Don't try to tell me who I am,
cause I don't care

and you will never understand
Oh, ohIt doesn't matter anymore
behind your smile
there's not a thing left to adoreWe are not the same...
we never were, we'll never be!
