Minus One

Waking up alone, like a man that failed
Trapped into the mist of our fairytale
And you know, you know, you know, I'm still inside
I knew it all along, but I couldn't tell
This kind of love, would lock my heart in jail
You know, you know, you know, it's doing timeCaught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight
Howling for youTake it on, take it on, and get me through the night Take it on
Take it on until the morning light
Take it on take it on and get me through the night Take it on
Take it on take it onI've heard it all before, people always say
Time can take the sorrow and the pain away
You know, you know, this love will never dieCaught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight
Howling for you
Caught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight
Howling for youTake it on take it on and get me through the night
Take it on take it on until the morning light
Take it on take it on and get me through the night
Take it on, take it on, take it onI cross the oceans, I fly on the skyline
Drive any road that, will bring me by your sideTake it on, take it on and get me through the night
Take it on take it on until the morning light
Take it on take it on and get me through the night
Take it on, take it on, take it onCaught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
