## Minus One

Waking up alone, like a man that failed  
Trapped into the mist of our fairytale  
And you know, you know, you know, I'm still inside  
I knew it all along, but I couldn't tell  
This kind of love, would lock my heart in jail  
You know, you know, you know, it's doing time  
Caught in the middle of, the dawn and the sunrise  
Life is a miracle, I saw it in your eyes  
Under the spotlight, I howl in the moonlight  
Howling for you  
Take it on, take it on, and get me through the night  
Take it on  
Take it on until the morning light  
Take it on take it on and get me through the night  
Take it on  
Take it on take it on I've heard it all before, people always say  
Time can take the sorrow and the pain away  
You know, you know, this love will never die  
Caught in the middle of, the dawn and the sunrise  
Life is a miracle, I saw it in your eyes  
Under the spotlight, I howl in the moonlight  
Howling for you  
Caught in the middle of, the dawn and the sunrise  
Life is a miracle, I saw it in your eyes  
Under the spotlight, I howl in the moonlight  
Howling for you  
Take it on take it on and get me through the night  
Take it on  
Take it on take it on until the morning light  
Take it on take it on and get me through the night  
Take it on  
Take it on, take it on, take it on I cross the oceans, I fly on the skyline  
Drive any road that, will bring me by your side  
Take it on, take it on and get me through the night  
Take it on  
Take it on take it on until the morning light  
Take it on take it on and get me through the night  
Take it on  
Take it on, take it on, take it on  
Caught in the middle of, the dawn and the sunrise  
Life is a miracle, I saw it in your eyes
