## Jandek

As a matter of fact  
It's the way that you act  
It's a matter of (ways?)  
It's customary  
It was the real (pie?)  
I got it all in my eye  
She told me she wanted to hold me  
I laughed to my self  
It's all on the shelf  
It burns and  
It eats the ones and I choke it  
???  
I won't be altered
