# Hott

## 3oh!3

I'm hot, baby, you're hot
Oh, so why not? Baby, why not?
Uh, uh, uh, I'm hot, baby, you're hot
No, no, oh, why not? So baby, why not?Oh, yea, I'm hot, baby, you're hot
Yea, yea, oh, why not? So baby, why not?
Uh, uh, uh, I'm hot, baby, you're hot
Oh, so why not? baby, why not?Gazes meeting in the middle of a dance floor
My lips anticipating
Come here and move it, baby, show me what you're made for
Oh, so long that I've been waitingI'm sweating bullets, baby, don't know what to do now
So hot in here, I'm fainting
Like little children, baby, waiting for the school bell
My fingers, finger paintingAnd I know you wanted me
My picture in a magazine
You know, I was lookin' at you
A table set just for twoI know you wanted me
My picture in a magazine
You know, I was lookin' at you
A table set just for twoAnd I know you wanted me
My picture in a magazine
You know, I was lookin' at you
A table set just for twoI know you wanted me
My picture in a magazine
You know, I was lookin' at you
A table set just for twoAnd I know you wanted me
My picture in a magazine
You know, I was lookin' at you
A table set just for twoAnd I know you wanted me
My picture in a magazine
You know, I was lookin' at you
A table set just for two
