

Be with Me

Old Dominion

You could be the president
You would get my vote
You could be the captain of whatever floats your boat
You could be the singer, girl
Youâ€™d hit every note
Like oooh

Like your daddy told you when you were a little girl
You could be anything
Why don't you be with me, why don't you
Why don't your momma brought you up in a womanâ€™s world
You could be anything
Why don't you be with me, why don't you
Why don't you be my drink
Be my song, be my bed
Be my car, be my photograph
Be my day, be my night
Be my right, be my wrong
Be my first and last

A tiger versus you girl, ain't even a fight
Next to you the sun can't even call itself a light
All the girls are jealous, cause all the guys are like ooooooo
Yeah

Like your daddy told you when you were a little girl
You could be anything
Why don't you be with me, why don't you
Why don't your momma brought you up in a womanâ€™s world
You could be anything
Why don't you be with me, why don't you, why don't you
Be with me
Be with me (You could be anything)
Be with me
Why don't you
Why don't you be my drink
Be my song, be my bed
Be my car, be my photograph
Be my day, be my night

Be my right, be my wrong
Be my first and last

Be my where you at
Where you at
(Oooooooo)

Like your daddy told you when you were a little girl
You could be anything
Why don't you be with me
Why don't you
Why don't
Your momma brought you up in a woman's world
You could be anything
Why don't you be with me
Why don't you
Why don't you
Be with me
Be with me (why don't you)
Be with me
Why don't you (you could be anything)
Why don't you
Be with me
Be with me (why don't you)
Be with me
Why don't you
Why don't you
Be with me
Be with me
Be with me
Why don't you
Why don't you
