

Reagan (Instrumental)

Killer Mike

Our government has a firm policy not to capitulate to terrorist demands. That no-concessions policy remains in force, despite the wildly speculative and false stories about arms for hostages and alleged ransom payments, we did not, repeat, did not trade weapons or anything else for hostages, nor will we

The ballot or the bullet

, some freedom or some bullshit

Will we ever do it big, or keep just settling for little shit

We brag on having bread, but none of us are bakers

We all talk having greens, but none of us own acres

If none of us on acres, and none of us grow wheat

Then who will feed our people when our people need to eat

So it seems our people starve from lack of understanding

Cos all we seem to give them is some balling and some dancing

And some talking about our car and imaginary mansions

We should be indicted for bullshit we inciting

Hand the children death and pretend that its exciting

We are advertisements for agony and pain

We exploit the youth, we tell them to join a gang

We tell them dope stories, introduce them to the game

Just like Oliver North introduced us to cocaine

In the 80s when the bricks came on military planes

A few months ago I told the american people I did not trade arms for hostages. My heart and my best intentions still tell me that's true, but the facts and the evidence tell me it is not

The end of the Reagan Era, I'm like number twelver

Old enough to understand the shit'll change forever

They declared the war on drugs like a war on terror

But it really did was let the police terrorize whoever

But mostly black boys

, but they would call us "niggers"

And lay us on our belly, while they fingers on they triggers

They boots was on our head, they dogs was on our crotches

And they would beat us up if we had diamonds on our watches

And they would take our drugs and money, as they pick our pockets

I guess that that's the privilege of policing for some profit

But thanks to Reaganomics, prisons turned to profits

Cos free labor is the cornerstone of US economics

Cos slavery was abolished, unless you are in prison

You think I am bullshitting, then read the 13th Amendment

Involuntary servitude and slavery it prohibits

That's why they giving drug offenders time in double digits

Ronald Reagan was an actor, not at all a factor
Just an employee of the country's real masters
Just like the Bushes, Clinton and Obama
Just another talking head telling lies on teleprompters
If you don't believe the theory, then argue with this logic
Why did Reagan and Obama both go after Qaddafi
We invaded sovereign soil, going after oil
Taking countries is a hobby paid for by the oil lobby
Same as in Iraq, and Afghanistan
And Ahmadinejad say they coming for Iran
They only love the rich, and how they loathe the poor
If I say any more they might be at my door
Who the fuck is that staring in my window
Doing that surveillance on
Mister Michael Render
I'm dropping off the grid before they pump the lead
I leave you with four words: I'm glad Reagan dead
