

Set Yourself Apart

Excel

You're all alone, alienated
Figure your thoughts. Do you make it?
We can too, it's in the heart
Set Yourself Apart! Figurize your views, do you really
Or is it just security?
We can too, it's in the heart
Set Yourself Apart! Listen... to yourself
8. The Joke's On You The Joke's On You!
The Joke's On You!
The Joke's On You!
The Joke's On You! It all started when I went to school
You were playing me as the fool I laugh
We laugh
I laugh... at you! Screaming at me, you're wasting my time
Your opinion is not worth a dime
I've been waiting for this day so long
That's why I'm writing this song I laugh
We laugh
I laugh... at you! Because The Joke's On You!
