Santa Evita

(children:)
Please, gentle eva, will you bless a little child?
For I love you, tell heaven I'm doing my best
I'm praying for you, even though you're already blessedPlease, mother eva, will you look upon me as your own?
Make me special, be my angel
Be my everything wonderful perfect and true
And I'll try to be exactly like youPlease, holy eva, will you feed a hungry child?
For I love you, tell heaven I'm doing my best
I'm praying for you, even though you're already blessed(workers:)
