Elevator

LZ7

On Cloud Nine,
Is where I'm from,
I've got to get back to the place where I belong,
It's in the air,
The energy,
The atmosphere, These streets, Where you and meI don't know where I'll be,
With every step, I know you're watching me.
We're so much more,
Than destiny,
I'm so alive,
You're the air I breathe.
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going up!This elevator's going up!
This elevator's going,
This elevator's going up!You feel so close,
Close to me,
This moment in time is all I see,
I'm hypnotized,
Cause I'm in paradise,
I know who I want is before my eyes,
We're so much more,
Than destiny,
I'm so alive,
You're the air I breathe.This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going,
This elevator's going up!This elevator's going up!
This elevator's going,
This elevator's going,

This elevator's going,
Elevator's going,
This elevator's going!Yeah, I got system on smash
You blacked out,
Jolly Cash,
Going along like too fast,
You're a journalist,
Like so classed,
We got more bass,
Than a truck load,
I can feel it,
On that front row,
We sold out,
On that pre show,
We can't get back,
Reload,
I'm gonna burn alot,
But he's turning up,
You can't get it off,
One more time,
I can feel the rush,
I need that hit,
And you're like yis,
I need that beat,
Cause,
This Elevator's going up!
