Out Of My Hands

Matthew West

There you go changing my plans again
There you go shifting my sands again
For reasons I don't understand again
Lately I don't have a clue
Just when I start liking what I see
There you go changing my scenery
I never know where you're taking me
But I'm trying just to follow you
It's out of my hands, it's out of my reach
It's over my head and it's out of my league
There's too many things that I don't understand
So it's into your will and it's out of my hands
There you go healing these scars again
Showing me right where you are again
I'm helpless, that's where I start again
I'm giving it all up to you
It's out of my hands, it's out of my reach
It's over my head and it's out of my league
There's too many things that I don't understand
So it's into your will and it's out of my hands
Move me, make me, choose me, change me
Send me, shake me
Find me, remind me
The past is behind me
Take it all away
Take it all from me, I pray
It's out of my hands, it's out of my reach
It's over my head and it's out of my league
There's too many things that I don't understand
So it's into your will
And it's out of my hands, it's out of my reach
It's over my head and it's out of my league
There's too many things that I don't understand
So it's into your will and it's out of my hands
It's out of my hands
[Incomprehensible]Move me, make me, choose me, change me
Send me, shake me
Find me, remind me
The past is behind me
