

# Walk Alone

## E.T Project

Trapped, no shield, no sword  
The unbeaten path got my soul so sore  
Allured by the lust, something money can't cure  
The Devil want me as is, but God, He want more  
Eyes closed, eyes open, great another day, here we go  
Like a nigga woke up late in The Truman Show  
Livin' life without a care, mean poker face  
But I'm forced to play solitaire 'til I get up out of here  
Move like a wanted man with a bounty on his head  
Work alone, sleep alone, eat alone, daily bread  
Countin' till my fingers' red, how you gon' judge a man  
Walkin' in the shoes of a man with a broken leg?  
Flame on the trail headed for the powder keg  
Last place in the race I ain't never led  
Like I ain't never bled, time to get up out of bed  
Servin' in the army of one, it's on again  
Walk alone, I walk alone, you know I walk all alone  
I always been on my own ever since the day I was born  
So I don't mind walkin' alone  
Walk alone, I walk alone, you know I walk all alone  
I always been on my own ever since the day I was born  
So I don't mind walkin' alone  
I'm in a chess match, I'm in a death trap  
I'm tryin' to find out where the eggs in the nest at  
I'm one blood when the sky turns jet black  
No love in the world can correct that  
I'm in a slow lane, I'm on my Cobain  
I'm in the new spot tryin' to run a old game  
I got a new chick, put out my old flame  
No peace, no sleep, no love for a young beast  
You can put me in a cage  
You can put me in the jungle where the lion get blazed  
There ain't no hell like the hell I raise  
I'd die in the bed I made 'fore I lay with a love I loathe  
I'm a snake in the garden of bones  
I'm a loner in a world of clones  
I'm the piece that don't belong, see I roam  
Where the the Reaper roam 'til they put my name on a stone  
Walk alone, I walk alone, you know I walk all alone

I always been on my own ever since the day I was born  
So I don't mind walkin' alone  
Walk alone, I walk alone, you know I walk all alone  
I always been on my own ever since the day I was born  
So I don't mind walkin' alone  
The longest walk I'll probably ever be on  
The Road to Perdition, guess I'm finna get my plea on  
I pray these wings strong enough to carry me on  
I promise every second felt as if it took an eon  
Walkin' like the lost boys of Sierra Leone  
The trail of tears what they got me like a Cherokee on  
Between the ears somethin' I require therapy on  
For the workin' to the bone like my name Robert Dion  
I go above and beyond, the duty called, truly y'all  
Even though they kind of blew me off like a booty call  
Asked me if I'm just another muli or a movie star  
Forced to face the music like a graduate of Juilliard  
Walk alone, talk alone, get my Charlie Parker on  
Make my mark alone, shed light upon the dark alone  
Get my sparkle on, it's a mission I'm embarkin' on  
A kamikaze in the danger zone far from home  
Walk alone, I walk alone, you know I walk all alone  
I always been on my own ever since the day I was born  
So I don't mind walkin' alone  
Walk alone, I walk alone, you know I walk all alone  
I always been on my own ever since the day I was born
