

On A Saturday

Herman DÃ¼ne

The face of another day
Searching of the voice of a better way
They say that it's a bad time of year to be up in arms
So we're pushing on because we know in our hearts
It's the only way
To stay afloat with the sharks at bay
Avoid being a casualty of the circumstances
And second chances are shredded day by day
Will your legs fail you
When you stand too straight and tall?
'Cause the world's gone mad
The taller you are, the harder you fall
Sail up into the night sky until our worlds collide
Tonight we feel alive
Stand up where I can see you, no reason left to hide
Tonight, we feel alive
You asked, what would I stand for
Truth is, I stand for this
It's passion perfected fashion neglected
A natural infection of all we have seen
It's the only way
Since we discovered we had a say
Found that the world's not as cold and gray
As our circumstances
And second chances, living out the days
Will your legs fail you

When you stand too straight and tall?
'Cause the world's gone mad
The taller you are, the harder you fall
I won't stand for this
Sail up into the night sky until our worlds collide
Tonight we feel alive
Stand up where I can see you, no reason left to hide
Tonight we feel alive
Tonight, tonight, tonight
Stand up where I can see you
No reason left to hide
It's the only way, it's the only way

Tonight we feel alive
It's the only way, it's the only way
Tonight, tonight, tonight
Will your legs fail you
When you stand too straight and tall?
'Cause the world's gone mad
The taller you are, the harder you fall
Sail up into the night sky until our worlds collide
Tonight we feel alive
Stand up where I can see you, no reason left to hide
Tonight we feel alive
Tonight we feel alive
Tonight, tonight, tonight
