

# Lead The Parade

## Korn

Lost and alone  
I'm out of the stone  
?? this process everyday  
Nothings my own  
The dreams that I've grown  
I won't control and throw away  
I need to make the decisions  
I need to make it right  
I need to lead the parade  
Or this shit will fucking take my life  
I want to kill the decisions  
I want to make it right  
I want to pass this test  
And complete my tormented life  
This curse is my own  
It follows me home  
Its like a child that wants to play  
The thoughts in my brain  
The subconscious pain  
Makes me think why do I stay  
I need to make the decision  
I need make it right  
I need to lead the parade  
  
Or this shit will take my life  
I want to kill the decisions  
I want to make it right  
I want to pass this test  
And complete my tormented life  
I want to kill the decisions  
I want it to be right  
I want to pass this test  
And complete this tormented life  
Happy, everything was wonderful  
So happy, it's beautiful  
I need to make the decision  
I need to make it right  
I want to kill the decisions  
I want to make it right

I want to pass this test  
And complete my tormented life  
I want to kill the decisions  
I want to make it right  
I want to pass this test  
And complete my tormented life  
I'm happy, I knew you'd make it right  
Everything is wonderful
