

# Innervision

## System of a Down

I have a home  
Longing to roam  
I have to find you  
I have to meet you Signs of your face  
Slowing your pace  
I need your guidance  
I need to seek my inner vision  
Inner vision My pupils dance  
Lost in a trance  
Your sacred silence  
Losing all violence Stars in their place  
Mirror your face  
I have to find you  
I need to seek my inner vision  
Inner vision, Inner vision It's never too late to reinvent the bicycle  
A smile that brings forth energy or life  
Giving you force  
It's never too late to reinvent the bicycle  
A smile that brings forth energy or life  
Giving you force  
Vision There's only one true path in life  
The road that leads to all leads to one  
There's only one true path in life (inner vision)  
The road that leads to all (inner vision) Inner vision  
Your sacred silence  
Losing all violence
