

# No Ordinary Love

## MYMP

This could have been just another day  
But instead we're standing here  
No need for words it's all been said  
In the way you hold me near I was alone on this journey  
You came along to comfort me  
Everything I want in life is right here  
'Cause This is not your ordinary, no ordinary love  
I was not prepared enough to fall so deep in love  
This is not your ordinary, no ordinary love  
You were the first to touch my heart  
And everything right again with your extraordinary love I get so weak when you look at me  
I get lost inside your eyes  
Sometimes the magic is hard to believe  
But you're here before my very eyes You brought joy to my world  
Set me so free  
I want you to understand  
You're every breath that I breathe This is not your ordinary, no ordinary love  
I was not prepared enough to fall so deep in love  
This is not your ordinary, no ordinary love  
You were the first to touch my heart  
And everything right again with your extraordinary love From the very first time that we kissed  
I knew that I just couldn't let you go at all  
From this day on, remember this  
That you're the only one that I adore Can we make this last forever  
This can't be a dream  
'Cause it feels so good to me This is not your ordinary, no ordinary love  
I was not prepared enough to fall so deep in love  
This is not your ordinary, no ordinary love  
You were the first to touch my heart  
And everything right again with your extraordinary love This is not your ordinary, no ordinary love  
I was not prepared enough to fall so deep in love  
This is not your ordinary, no ordinary love  
You were the first to touch my heart  
And everything right again with your extraordinary love
