

# The Promise Break

[Leigh Nash](#)

I don't think you understand forever  
I don't think you know what it means  
It doesn't work unless we're in it together  
Cause it always falls apart at the seam  
It's three am and I'm going crazy all alone  
I've always been afraid of the dark  
And after all, when you don't call  
All I hear is the Promise Break  
You must have meant it when you made it  
Time takes its toll on us all  
There was so much love when you gave it  
If I can't walk away then I'll crawl  
The night just has a way of getting longer when you're lonely  
Like icy fingers wrapped around my heart  
And down the road, ???  
All I hear is the Promise Break  
They say true love will never lie  
But half the time that's a lie  
It's three am and I'm going crazy all alone  
I've always been afraid of the dark  
And after all, when you don't call  
All I hear is the Promise Break  
All I hear is the Promise Break
