

# Floating (feat. Haley)

## Kaskade

Now in the silence  
I find myself alone  
It's just what I wanted  
To be on my own Floating on the water  
Staring in tonight  
Soaking up the magic  
Specks of tiny light Oh oh  
Oh Now in this small bed  
When all have gone away  
It's the time that I bonded  
The time that I prayed Floating on the water  
Staring in tonight  
Soaking up the magic  
Specks of tiny light Floating on the water  
Staring in tonight  
Soaking up the magic  
Specks of tiny light Oh oh  
Oh
