

Whore (acoustic cover by Sandra Szabo)

In This Moment

I'm the girl you've been thinking about
The one thing you can't live without
I'm the girl you've been waiting for
I'll have you down on your knees
I'll have you begging for more
You probably thought I wouldn't get this far
You thought I'd end up in the back of a car
You probably thought that I'd never escape
I'd be a rat in a cage, I'd be a slave to this place
You don't know how hard I fought to survive
Waking up alone when I was left to die
You don't know about this life I've led
All these roads I've walked
All these tears I've bled So how can this be?
You're praying to me
As I look in your eyes
I know just what that means
I can be, I can be your everything I can be your whore
I am the dirt you created
I am your sinner
And your whore
But let me tell you something baby
You love me for everything you hate me for I'm the one that you need and fear
Now that you're hooked, it's all becoming clear
That all your judgments that you placed on me
Was a reflection of discovery
So maybe next time when you cast your stones
From the shadows of the dark unknown
You will crawl up from your hiding place
Take a look in the mirror
See the truth in your face So how can this be?
You're praying to me
As I look in your eyes
I know just what that means
I can be, I can be your everything I can be your whore
I am the dirt you created
I am your sinner
And your whore
But let me tell you something baby

You love me for everything you hate me for I am the dirt you created
I am your sinner
And your whore
But let me tell you something baby
You love me, you want me, you need me Well I can be your whore
I am the dirt you created
I am the sinner
And your whore
But let me tell you something baby
You love me for everything you hate me for (And I can be your whore)
(And I can be your whore)
(And I can be your whore)
Let me tell you something baby
You love me for everything you hate me for
You love me for everything you hate me for
