

# The Right Way

Jens Marni

I was young  
Doing the best i could  
i was too comlicated  
misunderstood  
then you came along  
and you made me see  
peeling the mask right off me  
setting me free

CHORUS:

Follow your heart she said and you will be stronger  
trust yourself and you will find a way  
to dream is always easy  
when reality is so hard  
embrace your dreams and make them real again  
you will find the right way

years have gone  
the boy with the broken toys  
he's playing a different song now  
he's making noise  
you were the one  
who taught me how to live  
you told me to keep my head high  
and never give in

CHORUS:

Follow your heart she said and you will be stronger  
trust yourself and you will find a way  
to dream is always easy  
when reality is so hard  
embrace your dreams and make them real again

you taught me how to live  
taught me how to live  
broke the chains and made me live again

CHORUS:

to dream is always easy  
when reality is so hard

embrace your dreams and make them real again

CHORUS:

to dream is always easy  
when reality is so hard  
just embrace your dreams and make them real again  
you will find the right way  
(you will find the right way)
