

Satisfy

Ashanti

Can you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you goCan you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you goLet me tell you how I like it babe
If we're all in a crowd I like to be the one they single out
Let me tell you how to please me babe
Can you get it crunk, crunk and make my body jump, jump, jump?Do you think that you can handle a girl like
me?
Yeah, yeah, yeah, yeah, yeah
If you can take it there, you are the man I want you to be
Yeah, yeah, yeah, yeah, yeahLet me know who makes it hot
Boy just show me what you got
Time and time I fantasize, I just got to be satisfied
If you can't comply then my status quo is classifiedCan you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you goCan you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you goEverybody wanna talk about game
I wanna know who can rock it in the fast lane
And everybody wanna brag about things
About the Bentley's, the Benzes and the platinum ringsDo you think you got a tighter kinda game for me?
Yeah, yeah, yeah, yeah, yeah
'Cause if you got it, you are the man I want you to be
Yeah, yeah, yeah, yeah, yeahLet me know who makes it hot
Boy just show me what you got
Time and time I fantasize, I just got to be satisfied
If you can't comply then my status quo is classifiedCan you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you goCan you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you goCan you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?

And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you go Can you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you go Can you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you go Can you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you go Can you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you go Can you satisfy me now? Can you make it alright?
Can you take me to the top? Can you blow my mind?
And if not Imma tell you I'm not feeling your flow
'Cause you're incapable and Imma let you go
