She Doesn't Know She's Got It

[Blake Shelton](#)

On Friday night when I see her out
Even in a crowd she's hard to miss
There ain't a man breathing air
Who wouldn't stop and stare and the best part isShe doesn't know she's got it
She doesn't know how bad we want it
She doesn't know she's got it
And that's what's a gettin' to meShe'll close her eyes when the music plays
And the way she sways really rocks the room
She doesn't mean to get things stirred
It's just a thing in her that was born to moveShe doesn't know she's got it
She doesn't know how bad I want it
She doesn't know she's got it
And that's what's a gettin' to meI'm gonna work my courage up
Tell her I'm in love, I'm in love a lot
She has my heart on a string
Like everything the girl has gotShe doesn't know she's got it
She doesn't know how bad I want it
She doesn't know she's got it
And that's what's a gettin' to meShe doesn't know she's got it
She doesn't know how bad I want it
She doesn't know she's got it
And that's what's a gettin' to me, yeah
