## Unsun

Alone I look for the way  
hoping you're waiting for me  
where the hostile world has no say  
that is where I always want to be.  
Where my eyes want to follow  
when I'm far away,  
when life brings sorrow,  
into silence I escape.Among the stars  
there is a place  
to where my heart  
always returns.Along I look for the way  
hoping you're waiting for me  
where the hostile world has no say  
that is where I always want to be.  
Where my rush of thoughts  
in oblivion drowns  
to forget the evil lot  
I will sleep in safe arms.Among the stars  
there is a place  
to where my heart  
always returns.There I always have some time  
to heal every wound,  
to help the life's shine  
long forgotten, return.  
There is such a place,  
my own little space,  
after each lost battle  
its power remains.  
There I always have some time  
to heal every wound,  
to help the life's shine  
long forgotten, return.  
There is such a place,  
my own little space,  
after each lost battle  
its power remains.Among the stars  
there is a place  
to where my heart  
always returns.There is always some room

When the world brings me gloom.
