What It Feels Like

Fm Static

I know what it feels like to wish the day was over
I know what it feels like to have to start all over
I know what it feels like to miss the punch like
While another moments passed me by
Don't try to phone, I'm not at home, I've left
And I'm never coming back, yeah, yeah
Don't try to page me, I'm not waiting
My mother taught me that, yeah, yeah
When I feel down and out
And there's no one else around
There you are by my side, always waiting, waiting
Come take my hand and let's ride
'Til the morning meets the night, I'll be patiently waiting
I know what it feels like
To have to say you're sorry
I know what it feels like to be misunderstood
I know what it feels like to thank the ones before me
Not a moment I don't try
When I feel down and out
And there's no one else around
There you are by my side always waiting, waiting
Come take my hand and let's ride
'Til the morning meets the night, I'll be patiently waiting
I'll be patient, I'll be patient
I'll be patiently waiting
