

Weight Of It All

Matt Nathanson

I'm weak when you miss me, when you roll me on your tongue
When you whisper me your best moves
I almost believe you but you don't know me at all
I spent days stupid, nailed to your floor and I spent nights
Pushed against you, trying to keep warm but you don't know me at all
Show me where the sun comes through
the sky
I'll show you where the rain gets in and I'll show you hurricanes
And the way that summer fades
Underneath the weight of it all
Well, I'm covered by lovers who recite lines
Convinced that their bodies are gonna save mine, oh
But you don't know me at all
Show me where the sun comes through the sky
I'll show you where the rain gets in and I'll show you hurricanes
And the way that summer fades
Underneath the weight of it all, the weight of it all, oh, oh
