

# Blah Blah Blah Blah

702

Hey girl, hey, where you been? Ya phone still on?  
I been tryin' to reach you, my mans them said they saw you  
And I was like, man, I got to call her, man, I got to get at her, man  
It's funny that I see you now, girl, you so fine, look at you  
Went some, blah, blah, blah, blah  
There you go again, talkin' about where have I been  
Like I'm your child, it is none of your biz  
Shut your mouth, I'm tired of hearing you running your trap  
By the way, I forgot to say that your bags are packed  
Why you wanna bother me?  
Constantly pagin' me, drivin' me crazy  
Talkin' that yadi ya  
All up in my ear goin'  
Blah, blah, blah, blah  
Silence I ain't hearin' no more 'cause all I hear is  
Blah, blah, blah, blah  
Every time you open your mouth all I hear is  
Blah, blah, blah, blah  
Always tryin' to put me in check, spittin' to me that  
Blah, blah, blah, blah  
Sorry boy, you played yourself, you sure keep sayin'  
Blah, blah, blah, blah  
See that house you in, it's your mamas crib  
You ain't got your own  
Flossin' fakin' bling, Jay Z wanna be  
Claimin' money ain't a thang  
You ain't gotta lie to kick it  
You ain't got shit just admit it  
See I'm rollin' high but your passin' by  
On the passenger side  
Why you wanna bother me?  
Constantly pagin' me, drivin' me crazy  
Talkin' that yadi ya  
All up in my ear goin'  
Blah, blah, blah, blah  
Silence I ain't hearin' no more 'cause all I hear is  
Blah, blah, blah, blah  
Every time you open your mouth all I hear is  
Blah, blah, blah, blah

Always tryin' to put me in check, spittin' to me that  
Blah, blah, blah, blah  
Sorry boy, you played yourself, you sure keep sayin'  
You wonder why I don't call you  
Baby, you're not man enough for me, no, no  
'Cause every time you call my phone you just go on and on  
Talkin' all that nonsense, I can't take no more  
Blah, blah, blah, blah  
Silence I ain't hearin' no more 'cause all I hear is  
Blah, blah, blah, blah  
Every time you open your mouth all I hear is  
Blah, blah, blah, blah  
Always tryin' to put me in check, spittin' to me that  
Blah, blah, blah, blah  
Sorry boy, you played yourself, you sure keep sayin'  
Blah, blah, blah, blah  
Silence I ain't hearin' no more 'cause all I hear is  
Blah, blah, blah, blah  
Every time you open your mouth all I hear is  
Blah, blah, blah, blah  
Always tryin' to put me in check, spittin' to me that  
Blah, blah, blah, blah  
Sorry boy, you played yourself, you sure keep sayin'  
Blah, blah, blah, blah
