Something Beautiful

Brian Dolzani

You've got that look in your eye
Like you're about to say goodbye
And there's nothing I can do
Except run after you

You told me all about it
Not once did I doubt it
You're stronger than they'll ever know
And I cry as you go

Fly fly fly fly
It's something beautiful
It's something beautiful
Fly fly fly fly
Love is beautiful it changes you and me

Dressed up in hospital clothes
We don't speak but you know
You reach out for my hand
Tell me that you understand
Do you understand

Fly fly fly fly
It's something beautiful
It's something beautiful
Fly fly fly fly
Love is beautiful it changes you and me

You've got that look in your eye
And I don't want to say goodbye
What I promise to do
Is to run after you

Fly fly fly fly
It's something beautiful
It's something beautiful
Fly fly fly fly
Life is beautiful it changes you and me
