

Touch me one more time
Come on, stab meBaby, make your move
Step across the line
Touch me one more time
Come on, stab meBaby, make your move
Step across the line
Touch me one more time
Come on, stab meBaby, make your move
Step across the line
Touch me one more time
Come on, stab meMake your move, cross the line
Make your move, cross the line
Make your move, cross the line
