## Ruby

## **Foster The People**

And there she goes

She was sittin' really nice with her head filled with advice from her friends

She walks around

She tries to rearrange but everything goes under her bed

And its countless

She's got a jar full of change saved up for vacation

And she's watchin'

She's watchin' her sons growing up just like their mom

And it's hard

And I said, Ruby, Ruby, Ruby

Gotta start liftin' your head up, head up, head up

I said Ruby, Ruby, Ruby

I know it's hard but you've gotta get out of bed, out of bed, out of bed

Yeah, She don't know what to do

She's got everything and nothing to lose

She got a call from a guy just seeing if she's alright

Yeah, She's got a face full of tears held back by the strength of five

And she says "Happiness ain't free,

Everybody fights just like me,

But i've given up the abiliy to retreat."

And I said Ruby, Ruby, Ruby

Gotta start liftin' your head up, head up, head up

I said Ruby, Ruby, Ruby

I know its hard but you've gotta get out of bed, out of bed, out of bed

Yeah, She don't know what to do

She's got everything and nothing to lose Yeah, Yeah you've got time to figure it out

I'm here so don't be scared

Got time to figure it out

I'm here and I am here

Got time to figure it out

I'm here so don't be scared

Got time to figure it out

I'm here so don't be scared

(Ruby, Ruby, Ruby) x2

I said Ruby, Ruby, Ruby

I said Ruby, Ruby, Ruby

I said Ruby, Ruby, Ruby

I said Ruby, Ruby, Ruby
All alone
Rest your head
On my lap
When you're down
All Alone
Rest your head
On my lap
On my lap
(Ruby, Ruby, Ruby)
Ruby don't cry
