When the last time you heard that shit (turn that shit up)

Still doin this shit (pass dat shit nigga)

Look..look....look for y'all niggas that don't know nigga

I really be smokin on my smoking songs (well alright)

You can smell it? (fuckin right)

That's that..(cough), that's that real shit you heard me

Oh shit

Hit this shit fool

You ain't scared huh? You can handle it? Get ya ? with ya pipe and, cigar, papers, scissors and cut it up

Smoke somethin, sell somethin, roll somethin

If it ain't doeja then put up

I'm bout to let y'all bitches know somethin

I'm the nigga to holla at if you really tryna blow somethin

Scope houses ? like they inexpensive

Got cushion northern lights white without Tupac and Jimmy Hendrix

Just like the incense

Me run outta weed, is that senseless

For instance....

Imma be around this bitch smokin till I got dentures

Three smokin songs you two ? you know the ?

I mean its four smoke songs

I done got so blowed I forgot to count this one

Ain't no mystery, y'all niggas need to let that bullshit miss me

You know the history

Been smokin, keep movin boxes of fifty

You could live it high, could live it tipsy

But both gon get a nig fucked up

So tell me what's the difference

This that shit...the shit they can't stay woke off of

This that shit that ? can't smoke off of [Chorus 4X]

(what you is?) I'm just a rap writer, before I get my nerve back

Lemmie go get my lemmie go get my lighter
