

# Grown Man

## Lil' Wayne

[Lil Wayne Talking:]

What's up baby?

I ain't trying to do nothing but get me grown man on

I ain't trying to hurt you

Only if you want me to (haha)

Yea, something like that

[Verse 1 (Lil Wayne):]

Yea, What's happenin' baby I'm Lil Wayne from New Orleans

Fresh out the navy now the captain of my own team

Hop in this, machine, vanish from the scene

Goddamn it I'm so mannish

Handle it like a standard

So put yo panties and yo pants my the trash can

Romance on the floor plans (yea)

We hold hands while we rollin', just trying to keep up wit the program

Just trying to sneak up on ya, like how you doing maam

I'm a old soul, and a young man, we got to it and

We didn't stop 'til the birds hit the block

And she ain't never had it like that [laugh]

[Chorus:]

Girl... you are... so fine

I wish that I could get you over here, girl

Tonight... so I... can get my grown man on wit you [2X]

[Hook (Lil Wayne):]

You don't know about it, how I'm a grown man

You don't know about it, how I'm a grown man

You don't know about it, how I'm a grown man

You don't know about it, how I'm a grown man

[Verse 2 (Young Money):]

Now I don't really hit the club but tonight I'll make an exception

For some reason I can't seem to keep my eyes out your direction

I'm lookin' at you so hard, I could probably catch a charge

Feelin' the way you walk when you move yo booty applaud (damn)  
I gotta keep my composure  
I gotta attack my mission and handle business like a soldier  
Young man, young money but the money long currency the hot spitta so grown  
And yo perception of me is so wrong  
Don't worry bout what you heard bout me and them other birds  
Might have done a little dirt and left a few of them hurt  
But whatever has occurred they all got what they deserved  
And you don't rock like that, um I can see it in yo eyes  
If you ain't good for me then you wearing a disguise  
Cause tonight you lookin' like miss right  
And I swore to be a player for life, but I'll change for you

[Chorus & Hook]

[Verse 3 (Lil Wayne):]

You ain't no woman you a baby girl, living in the ladies world  
And I'm a grown man, the women understand  
See what I go through, is what I owe you  
So you should throw that ass back to me right now (yea)  
Fly boy baby sit back relax and, cruise wit a nigga destination satisfaction  
Whose is it baby she say weezy fucking baby  
I say yes in-fucking-deed, she say don't you ever leave  
I say, I say but I got money on my mind  
Then I tell her never mind and we do it one more time [laugh]  
For a large amount of time, long and won't stop 'til daytime come home (yea)

[Chorus & Hook]

[Lil Wayne Talking:]

Damn, look, that.. o that right there, that's the sunset girl, get your visor, where those Chanell shades I get you,  
you always losing things,  
and I'm always buying new things (haha), I come a long way huh remember... remember that block, look at you,  
you think you all grown

[Lil Wayne:]

You ain't no woman you a baby girl, living in the ladies world  
And I'm a grown man, the women understand  
See what I go through, is what I owe you  
And you should throw that ass back to me right now
