

# Give Me the Beat

## Ghostland Observatory

I'm strutting down the boulevard  
I stop and grab a drink  
The pusher man comes sliding up  
Says 'Boy, got what you need'  
I got ups and I got downs  
The whites and the greens  
Do you toke up? Do you smoke?  
I said 'Man, that ain't for me'

Just give me the beat  
That's all I need  
(x2)

Bout that time, a Cadillac  
Comes bumping down the street  
Hits it's brakes and pops the trunk  
Says 'This you got to see'  
I got chains and diamond rings  
8-tracks and LP's  
Do you like my merchandise  
Said 'Still, that ain't for me'

Just give me the beat  
That's all I need  
(x2)

He throws his cape around my back  
Says 'Kid, just come with me'  
You haven't seen my stable yet  
Got every kind of breed  
Step inside and meet the girls  
Sheila and Janine  
Legs for days, they go both ways  
'Still, that ain't for me'

Just give me the beat  
That's all I need  
(x2)
