

Burned at the Stake

Mercyleless

Watch the infant die
Stress comes in adaedly way
From the shadowed sky
Decade of the purest race
Addicted to your blood
A distance between you and me
Is drawn on a straight line
The rape of the holy bookRemember the time before
The ancient rites remain
Visions of human faces
Still the same
Living in sort of a dream
Salvation or blasphemy
Society, death deep inside
Emerging from these pages
Crucified and in agony
At the point of no return
Explain to me the meaning
And how history has begun
Moses the wiseman
The prophet of the lords and gods
The guidance of a population
Rising from the seven seasRemember the time before
The ancient rites remain
Visions of human faces
Still the same
Living in sort of a dream
Salvation or blasphemy
Society, death deep inside
Emerging from these pages
Chorus:
Inside... the book of lies
Living since time exists
Condemned by the human plague
Burned at the stake...
The rage of mindsSolo: StephaneSuffer... shed some tears for me
Suffer... feel the unseen...
Mortal jokes to learn by
All the saints...

Screaming slaves

Depending on a sin againChorus (Repeat)Solo: Stephane
