The Rocket Summer

You and I
Right now, you can't help, you get down
To the sweet sounds coming out loud, it's freaking me out though
And I take it you don't like it, but gotta have it
And I take it you gotta fake it just to make it
Sail the seas of photographs, megalomaniacs
Such better things than what your life could ever possibly be
You and I, what are we doing?
You and I, what are we doing?
You and I
UNI
Depression, depression, come get you some
The obsession, the comparison with why not everyone?
And I take it you don't like it, but gotta have it
And I take it you gotta fake it just to make it
Sail the seas of photographs, megalomaniacs
Such better things than what your life could ever possibly be
You and I, what are we doing?
You and I, what are we doing?
You and I
UNI
I'm out of sight out of (my) mind
I'm out of sight out of (my) mind
I just sink beneath the wake
You and I, what are we doing?
You and I, what are we doing?
You and I
UNI
Shout out, night owls
