## The Long Blondes

Catch me when I'm fallin'  
Catch me when I'm fallin'  
Catch me when I'm fallin'  
Century Century Century Century Everything I touch  
Everything I touch  
Everything I touch  
Lightening trials of human love Everything I touch  
Everything I touch  
Everything I touch  
Lightening trials of human love Once futuristic change  
Now nostalgic knock-down  
Traffic stops abandoned  
Out of sync, out of fashion Empty streets bely  
Under ground a discerned you  
Architecturally sheik  
So then we can meet you Everything I touch  
Everything I touch  
Everything I touch  
Lightening trials of human love Everything I touch  
Everything I touch  
Everything I touch  
Lightening trials of human love Shop lines in glass  
A new world war  
Untimeless beauty  
All the rage, all the rage Promises broken  
Television erased  
Nothing is sacred  
Can-can dance to the golden age White, Black  
Gray, Light  
Space, Crowd White, Black  
Gray, Light  
Space, Crowd White Black  
Blocks, Borders  
Space, Crowd Century, century  
Century, century Century, century  
Century, century
