

Structure Violence (Azzes)

Sepultura

Absurdity, tragedy
The fingers are on the triggers of change
A Power of change to other hands Equality, democracy
Fallen dictators, instigators
Aggravators step down Now is the time
Fallen dictators step down
Instigators step down
Aggravators step down
Structure violence
A storm has formed and fills the air
Fell the weight of catastrophe
Kept the needs from humanity
The total greed the absurdity
