

If My Heart Had Wings

[Faith Hill](#)

Damn these old wheels rolling too slow
I stare down this white line with so far to go
Headlights keep coming, loneliness humming along Who poured this rain? Who made these clouds?
I stare through this windshield thinking out loud
Time keeps on crawling love keeps on calling me home I'd jump all these mountains and take to the skies
Sail through the Heavens with stars in my eyes If my heart had wings
I would fly to you and lie
And beside you as you dream
If my heart had wings We both committed, we both agreed
You do what you have to, to get what you need
Feeling you near me with so many miles in between Lord, it ain't easy out here in the dark
To keep us together so far apart If my heart had wings
I would fly to you and lie
Beside you as you dream
If my heart had wings If my heart
If my heart had wings
If my heart Stuck on this circle spinning around
Cut loose from this rope that's tying me down If my heart had wings
I would fly to you and lie
Beside you as you dream If my heart had, if my heart had wings
I would fly to you and lie
Beside you as you dream
If my heart had wings
