## **New World**

## Reamonn

This is our world but they destroy it They'll watch it burn in hell This is our world but they destroy it They'll watch it burn in hellThis is our time, we are the sign They can't take that away This is your dream, hear the future scream For a brand new dayOne two buckle my shoe Three four knock on the door Five six pick up sticks Seven eight then it's to late This is our world, they burn it So they burn in hell This is our world they burn it So they burn in hell, burn in hellWatch the clock, you watch it tic You watch it toc Watch the slip of time, this our world It's not yours it's not mineThis is the dream, this is the time We can make it turn, we can't just watch Just watch as it burns This our world but we destroy it We need to save ourselvesOne two buckle my shoe Three four knock on the door Five six pick up sticks Seven eight then it's to late This is our world, they burn it So they burn in hell This is our world, they burn it So they burn in hell, burn in hellCan't you see, yeah?
