

# Nothing Good Is Real

## Superdrag

Allow me to confess 'cause here's the way I am  
Obsessive kind with a possessive mind  
I can only love my hand  
If you should come close, little sister you may find  
The smoke unbearable, that's the way I kill my time Sometimes I feel nothing good is real  
Sometimes I know nothing good is slow  
When it turns to go Forbid me to get weird the way I always do  
'Cause something disappears and I could end up killing you  
You are so quiet shy and beautiful today  
I wouldn't pass you up if you could only come my way Sometimes I feel nothing good is real  
Sometimes I know nothing good is slow  
When it turns to go
