

Here Comes a Special Boy

Freezepop

have you heard, he's on his way
i've been counting down the days
finally we'll have some fun, he's got hugs for everyone
word is out, and we can't wait
things are gonna be so great
once phillipe is on the scene, everything is peachy cleanoh phillipe, oh phillipe, you bring us very special joy
dressed like a bumblebee, with your special kind of glee
oh phillipe, oh phillipe, you're a very special boy
cause you're squeaky clean, standing on the drum machinewhen im sad, feeling blue
you're so rad, needing you
when im down, you come through
don't you frown, i've got you
when im sad (hugs), feeling blue (hugs)
you're so rad (hugs), needing you (hugs)
when im down (hugs), you come through (hugs)
don't you frown (hugs), i've got you (hugs!)here comes, a special, here comes a very special
here comes, a special, here comes a very special boythere are lots of boys around, the special ones are very rare
there aren't many to be found, we've been looking everywhere
things were starting to look great, until we hear about phillipe
we're in desperate need of cheer, don't give up hope he's almost hereoh phillipe, oh phillipe, you bring us very
special joy
dressed like a bumblebee, with your special kind of glee
oh phillipe, oh phillipe, you're a very special boy
