## The Districts

I ohh  
Well I don't know where I'm going  
And I don't know where I amAnd I  
It's a shame I don't know who I am  
But by now you might think I canAnd I don't want to be something that I'm not  
And I don't want to be a different man  
And I don't want to say something to make you leave but I will  
I will tell by the look on your face  
And I will tell by the words that you say  
And I will tell by the look on your face if I'm wrong  
I ohh  
Well I don't know what I paid for  
And I want my money backAnd I ohh  
Didn't know thins was part of the bargain  
Ohh no  
It's like I'm biting off more than I could digestAnd I don't want to be something that you need  
And I don't want to be just a memory  
And I don't want to be something you come to regret but I will  
I will  
I will tell by the look on your face  
And I will tell by the words that you say  
And I will tell by the look on your face if I'm wrong  
I will tell by the look on your face  
And I will tell by the words that you say  
And I will tell by the look on your face if I'm wrong  
I will tell by, I will tell  
I will tell by the look on your face  
I will tell by the look on your face if I'm wrong  
I will tell by, I will tell  
I will tell by the look on your face  
I will tell by the look on your face if I'm wrong
