

Think About Love

Dolly Parton

I can't forget you ever since the moment that I met you
You've been on my mind
And I need to somehow let you know
That I think about you all the time
So, when you think about love, think about me
I can give you more than you'll ever need
Sooner or later, every heart needs some company
When you think about love, think about me
When you think about love, think about me
We were strangers now I'm already wrapped around your finger
Oh, what's a heart to do
'Cause it lingers and the thought of you
Wantin' me as much as I want you
So, when you think about love, think about me
'Cause I can give you more than you'll ever need
Sooner or later, every heart needs some company
When you think about love, think about me
When you think about love, think about me
Makes me blue, I'm not holding you tonight
'Cause only you can satisfy this heart of mine
So when you think about love, think about me
'Cause I can give you more than you'll ever need
Sooner or later, every heart needs some company
So when you think about love, think about me
When you think about love, think about me
'Cause I can give you more than you'll ever need
Sooner or later, every heart needs some company
When you think about love, think about me
When you think about love, think about me
'Cause I can give you more than you'll ever need
Sooner or later, every heart needs some company
When you think about love, think about me
When you think about love, think about me
I can give you more than you'll ever need
Sooner or later, every heart needs some company
When you think about love, think about me
