Soft Summer Dreams

Roshan & Shivani

Night gently falls, love softly calls
Come to my arms, oh I love you

Sweet summer dreams, lately it seems
More and more and more, how I want you

Warm breezes, stars in sparkling skies
Warm kisses, love in sparkling eyes

Sweet, sweet like honey on my lips
I'm on fire, take me higher, take me to your soul

So we sleep, sinking deep
Surrounded by Soft Summer Dreams
