

# Bust (feat. Killer Mike)

## OutKast

Ghosts and goblins run amock  
In the caverns of rhine  
Slinging petty corruption  
The seventh sign!(Give to you and I'll do what it takes!  
To give it to you!)Step into the realms O's space where nobody goes  
Only the baddest motherfuckers are the ones that are chose!  
Some of the coolest individuals on the planet we said  
Best believe that we can buck or give a damn if we cared!  
No collision supervision but my family is here  
Now my mama taught my niggas that was under the stairs  
One of those who chauffeured life and then was unprepared  
But my hunger is the thought that no wonder it can't be smothered  
Or buttered up, buttercup, melt your sauce  
You a Chucky Cheese bouncer chumpin' off the boss  
What I'm trying to tell you now is that you're softer than soft  
And I'm sick as a cough, did I mention it's raw?  
Your predicaments flaw  
Flaw means fucked up and serving out the oven not fried, slow roast  
No coast, tuck your tail and hide!  
You scared?(Give to you and I do what it takes!  
To give it to you!)I officially do it with guns on tour  
We lock down traps, push caps galore  
My wiz cook work 'til it scale like fish  
My old earth even known to handle biz  
I serve whipped, out of whips, whip out cash  
Usually keep a G packed under the dash  
Try to test my gangsta, I bring harm  
I'm as slick as Freeway Rick and Nicholas Barnes  
My uptown knights hold caps and cheddar  
My waistline hold a 4-pound Baretta  
I'll shoe lace your face just to learn you better  
My ox so sharp it cut through leather  
My rap name Killer, my street name Skunk  
I mastered the music that was born in the Bronx!  
I switch my slang spit from my mouth  
I'm still all coast, my coast the South!(Give to you and I do what it takes!  
To give it to you!)
