

My Baby Said Yes (Yip Yip de Hootie)

Bing Crosby

I feel so happy, I wanna shout
Well, tell me Bing
Tell me what its all about?
I found my one idea
And this time Im sure its real Yip yip de hootie
Got me a beauty
She sure is a dream
My baby said yes
She said yes, she said yes
She didnt say no Cock cock-a-doodle
Youre off your noodle
Youre way off the beam
Cause baby said yes
She said yes, she said yes
She couldnt say go Knock me a daisy
Now what would I do
With a daisy, all day?
You wear it and bear it
There, you sound kinda crazy
Im happy that way Hi diddle diddle
March down the middle
And now were a team
Cause baby said yes
She said yes, she said yes
Yes, she couldnt say no Yip yip yip de hootie
Got me a beauty
She sure is a dream
My baby said yes
She said yes, she said yes
She didnt say no Cock-a-doodle
Off my noodle
Off the beam
Cause baby said yes
She said yes, she said yes
She didnt say go Knock me a daisy
That sure was a daisy
That one was hazy
But Im happy that way Hi diddle diddle
March down the middle

And now were a team
Cause baby said yes
She said yes, she said yes
Yes, she couldnt say no
She couldnt say no, no, no
